# Gaza, Palestine: Situation Overview

Since October 07, the escalation of conflict and significant displacement throughout Gaza have left over **2.2 million** Palestinian civilians into a dire humanitarian crisis. A total blockade has rendered more than 2 million people homeless, forcing them to live in temporary shelters. With no access to life-saving relief supplies, medical aid, and basic necessities, the situation has turned into a catastrophe, particularly affecting women, children, the sick, and the injured.

Ongoing attacks on hospitals have also impacted women's health, with tens of thousands of pregnant women and newborn babies' lives are in danger. UNFPA estimates there are currently **50,000+ pregnant women** in Gaza – of whom 5,500 expected to deliver in the next month – who are unable to obtain basic health services.

# Palestine Humanitarian Crisis

After a total blockade, over 2.2 million Palestinians in Gaza are in urgent need of **Food, Water** and **Medical Aid**.

# ALKHIDMAT DECLARATION **27 February 2024**

- Till date, Alkhidmat has delivered 1,000 tons of relief supplies to Gaza through 6 aircraft, 1 cargo ship from Pakistan, and via Alkhidmat camp office in Egypt. We are grateful to Allah the Almighty and pray for the best reward for our generous donors.
- God willing, arrangements are ongoing to send another 1,000 tons of relief supplies during the month of March.
- Generous persons and welfare organizations are invited to extend their support.
- We plan to send relief goods including medicines, canned food, ration packs, special family tents, blankets, new clothes, and hosiery.

# Preparation of Ramadan Food Packs for Gaza

Egypt: Packing of Ramadan food packs for Gazan families is ongoing under the supervision of Secretary General Alkhidmat Syed Waqas Jafri at the Alkhidmat warehouse in Cairo.

# Alkhidmat camp office in Cairo, Egypt

Alkhidmat Gaza Relief Camp Office and warehouse have been established in Cairo. The purpose of the Cairo Relief Camp Office is to further improve and enhance the ongoing relief activities of Alkhidmat to Gaza via Egypt.

# Alkhidmat Collaborative Response

Since the complete siege after October 07, Gaza has been subjected to a strict land and sea blockade, which strictly prevents humanitarian agencies and relief supplies from reaching the displaced people of Palestine and families living in temporary shelters. The crisis escalated when the only Egypt-Gaza Rafah crossing was bombed by Israel, leading to the strict blockage of relief aid to Gaza.

Alkhidmat Foundation Pakistan, in collaboration with international partners, is delivering life-saving relief supplies in Gaza, including, hot meals, food packs, shelter and medical aid to displaced individuals and families living in temporary shelters and camps. Our relief supplies are reaching displaced Palestinian families, children, and women on a daily basis.

Once the humanitarian corridor is established, our trained Disaster Management Teams and doctors, along with relief assistance, are fully prepared to go to Gaza.

# How Alkhidmat Working with Partners

While advocating the urgent need for the opening of borders and humanitarian corridors, Alkhidmat is responding to the humanitarian crisis, in collaboration with our international partners, who already have their presence and offices established in Gaza.

Relief goods amounting to **Rs 125 million (448,612 USD)** have already been handed over to our partners in Gaza, and another **Rs. 400 million (1.42 million USD)** have been committed. Our international partners on the ground include Gazze Destek Dernegi, Onsur, Hayrat Yardim, IHH, Cansuyu and Bridges of Civilisations for Development-Palestine.
