ALKHIDMAT FOUNDATION PAKISTAN

SERVING THE NATION SINCE **1990**,  
ALKHIDMAT FOUNDATION PAKISTAN  
IS A NOT-FOR-PROFIT ORGANIZATION  
DEDICATED TO HUMANITARIAN SERVICES

# INTRODUCTION

Alkhidmat Foundation Pakistan is one of the leading, non-profit and independent organizations, fully dedicated to humanitarian services.

Alkhidmat workers and volunteers continue to work tirelessly for relief of affected people across Pakistan and worldwide as well. Our dedicated services include Disaster Management, Health , Education, Orphan Care, Clean Water, Mawakhat Program (Micro Financing) and Community Services.

# MESSAGE BY THE PRESIDENT

**Muhammad Abdus Shakoor**

President  
AlKhidmat Foundation Pakistan

With increasing number of crisis, cumulative catastrophes and growing national issues across the country, our work this year, has proven increasingly more challenging and demanding. We have, however, completed remarkable work, executed groundbreaking campaigns and secured people from devastation all across the country. At the same time, internally AlKhidmat has dived into deeper analysis and discussions about changing our structures and procedures to match and impact the changes we see in the coming time. While changes in governance and organizational processes are usually painful and unglamorous, they are vital to ensure we are fit to meet new challenges and continue to stay on the frontline of social change.

The agreed new direction is the result of a very extensive organization-wide process of consultation, and I would like to sincerely thank and acknowledge the incredibly hard work of all who have contributed. We have agreed that it is vital to strengthen our campaigning and “mobilizing” capacity both where peace degradation is caused and where its impacts are felt most. This aims to ensure that AlKhidmat will be more agile and strategic, with decisions taken at ground level.

We will also decentralize campaigns' design and implementation to our regional offices to develop their capacity and work in cohesion. AlKhidmat Foundation Pakistan will focus more on coordination and will assist in capacity building of our staff and our volunteers. We will become more integrated from North to South and from East to West, and hopefully more inspiring as a movement compound that can “mobilize” thousands of people to work together and with us to protect the needy & poor and promote harmony.

I would like to congratulate our Staff, Volunteers across the country & abroad, our International Partners, as well as the entire community of Pakistan, for their progressive thinking, dedicated work, and endless passion for our mission of serving the humanity.

MAWAKHAT PROGRAM

COMMUNITY SERVICES

Disaster is a word that brings thousands of peril thoughts in one's mind. It reminds us the tough times of earthquake that struck Northern Pakistan back in 2005, the cruel memories of flood that washed-out a huge part of Pakistan in 2010 and several terrorist attacks, accidents and other catastrophes. Name of Alkhidmat Foundation Pakistan also comes to the minds of thousands of people whom Alkhidmat served during those hard moments through its Disaster Management Services.

## Rescue

Alkhidmat Foundation Pakistan has instructed its rescue teams to start working for the rescue operation across Pakistan without waiting a single moment after occurrence of a disaster. The moment a disaster, accident, calamity or any other catastrophe hits an area anywhere in Pakistan our local rescue team activates itself and starts rescue work. Clearing dead bodies and evacuation of injured & stranded individuals to medical services as well as to their homes & safe Places in different urban or rural areas is the priority of our rescue services.

## Relief

Relief is the Prompt assistance services provided by Alkhidmat's Disaster Management Program to the affectees of regions where calamity occurs. Alkhidmat gives sustenance bundles, clean water, garments & apparel, sleeping bags, cooked food for endangered families and individuals with the help of its donors and partner NGOs.

## Rehabilitation

Restoring the life of affected people through reconstruction of the trodden infrastructure of communities is the objective of our rehabilitation service. We reconstruct or repair the damaged houses, mosques, water sources and other required buildings to help restoring the habitat of those who face sudden disasters. Alkhidmat Foundation has built and handed over scores of houses to surge and shudder influenced families till date.

## Emergency Once Again!

In 2015, Alkhidmat Foundation Pakistan responded to many emergencies and disasters. Including Floods, Earthquakes, Bomb blasts, Road accidents and Famine in Tharparkar, we also worked to make a long-term difference in disaster-prone areas through capacity building of local communities to deal with future emergencies.

## Flood 2015

On July 16, 2015, Chitral and adjacent areas were stricken by torrential rains that continued for about 4 days and caused heavy damages. More than 40 connecting bridges were destroyed and several villages had been under water. In Gilgit Baltistan, the melting of the Glaciers at various points added to the miseries of the area.

A huge area was affected by flash floods covering scores of villages and small living settlements. People were helpless to spend their days and nights under open sky as the flood had destroyed their houses and other sources of shelter. Due to destroyed infrastructure it was also difficult to reach them for their help. Affected people were hopeless as they were bound in their locations as the connecting bridges and roads were washed away by heavy flood.

Keeping in view the entire situation, AKFP Volunteers reached the affected areas, launched the rescue operation, badly stranded people were evacuated from calamity stricken areas and transferred to safe places.

## Earthquake 2015

An earthquake of 8.1 magnitude on Richter Scale originating from Hindu Kush mountain range jolted the major cities of Pakistan including Lahore, Islamabad, Rawalpindi, Peshawar, Quetta, Kohat, Malakand and various Northern areas of Pakistan causing more than 450 casualties in Chitral, Dir Lower, Dir Upper, Buner, Swat, Bajaur Agency, Gilgit-Baltistan, Kallar Kahar, Sargodha, Landi Kotal and Kasur. More than 3000 injured people had been reported. The extent of damage was very high due to severe damages to infrastructure and means of communication had also been disrupted by the earthquake.

Alkhidmat conducted rescue, relief and rehabilitation operation for the victims of this natural disaster and helped a huge number of affected people. Alkhidmat helped the victims by removing debris of the demolished houses and provided first-aid to the victims while seriously injured people were taken to the hospitals.

## Earthquake in Nepal

Deeply saddened by the news of disaster caused by the earthquake in Nepal, Alkhidmat Foundation Pakistan decided to help the affectees during this hard time. Since Pakistan had experienced the same disaster this year, it was very natural to feel the pain of those effected by catastrophe of earthquake in Nepal.

Alkhidmat Foundation sent a team of doctors to support the rescue and relief activities in Nepal.

Alkhidmat mobile medical camp in Nepal

## Relief to Rohingya Refugees

A Delegation of Alkhidmat Foundation Pakistan visited Indonesia and Malaysia for providing Relief to Rohingya Refugees. During the visit, team executed relief activities for Rohingya Refugees in Malaysia and Indonesia. They visited refugee camps and met the refugees that had arrived through boats.

Shahid Iqbal Executive Director AKFP, also signed MOUs with KPKU - Indonesia-Malaysian relife agency and MRA for providing relief inside Myanmar / Burma. Our partners were swift enough to execute relief activities inside Myanmar / Burma and reaching the needy in-time.

It is worth mentioning that delegates from ICNA Relief Canada and UKIM also accompanied the visiting team.

DISASTER MANAGEMENT

Alkhidmat Foundation Pakistan has always strived to serve the poorest and neediest segment of the society. Keeping in view the situation of poor infrastructure of health sector Alkhidmat started many projects with an aim to improve health facilities for the general public, regardless of their socio-economic status.

Alkhidmat foundation has devised a health program for establishing and administrating many Mother and Child Healthcare Centers, Hospitals, Mobile Medical Camps, Ambulance Service, Diagnostic Centers and Blood Banks across Pakistan.

## Completion of MCHCs

Mother and Child Health Care (MCHC) is the health service provided to mothers (women in their child bearing age) and children.

Two New MCHCs in Bannu and Lower Dir are now operational, as they have started working in 2015. The projects were completed exactly in the given time frame and now are open for the service to patients of the areas. MCHC of Bannu was primarily aimed to give health services to the IDPs of Bannu IDP Camp while the other hospital was a dire need of district Dir.

## Taking Lead Again! (Ambulance Fleet Management)

Alkhidmat Ambulance Fleet is another step ahead towards the attainment of its goal of serving the humanity. The system is the result of our devotion and commitment to the cause of humanity. Alkhidmat Foundation Pakistan has been serving the nation for decades in the field of health through its various health projects including ambulances.

Since the situation in all provinces is not suitable in regarding health and ambulance service, Alkhidmat decided to establish a well-equipped, planned, efficient and centralized ambulance fleet system. This Ambulance Fleet is currently a pilot project which will be replicated across the country after its successful completion. Currently the project is being tested simultaneously in Punjab and Khyber Pakhtunkhwa.

Alkhidmat Ambulance Fleet is equipped with various powerful gadgets and technological advancements including:

- Complete management of urgent and programmed services, from the first call (which will be recorded), the operator's handling of the issue, the dispatch of the ambulance service, through to the provision of updated service status in real time, and service finalization.
- Control and tracking of the ambulance fleet, monitors the position of ambulances through continuous connectivity with the help of wireless system. It doesn't only increases the efficiency of the service but also augments lifesaving process in emergency situation.
- Management of the in-cabin services, involves the replenishing the required resources in the ambulance according to set operating procedures. The highly qualified crew; paramedic and supporting staff, keeps the in-cabin management according to required level.
- Document management, for the preparation of patient records during traveling and the handling of all necessary documentation related to patients, vehicles, workers, etc.

**DIAL HELP LINE 1023**

**Alkhidmat Ambulance Fleet pilot project will be checked against the following objectives for future advancements and establishment of countrywide network:**

- Establishment of a latest and effective communication management system
- Response time within 10 minutes in cities
- Record keeping and documentation management system

HEALTH SERVICES

Education is the only solution for the humanity to prosper. With the aim to help every child to get education, Alkhidmat Foundation Pakistan has taken lead among all its competitors by providing education through free schooling and rehabilitation support to the poor and needy children.

Alkhidmat's helpful undertakings encircle all matters and issues relating to education scenario in Pakistan. Without any discrimination, Alkhidmat provides equal opportunity to all the talented poor and needy students across Pakistan. Male and female students are in equal ratio in the beneficiaries list of our education programs as we are pursuing the goal of 100 percent literacy rate in Pakistan.

## 16<sup>th</sup> Annual Convention of Alkhidmat Alfalah Scholarship Scheme

16th Annual Convention of Alfalah Scholarship Scheme was held on 15th November 2015 at the historical building of Aiwan E Iqbal Lahore. Scores of scholars, educationists, writers, columnists, trainers, academic researchers and talented students graced the event. Participants appreciated the efforts of Alfalah Scholarship Scheme and the devotion of its management and team.

During 16 years of Alfalah Scholarship Scheme it has empowered 2711 students to become a contributing part of the society while the number of scholars during year 2014-2015 had reached the milestone of 1400 students. 171 doctors, 331 engineers, 208 associate engineers, 155 Master's degree holders, 206 B.S Hon. degree holders, 329 graduates, 853 students of intermediate and 458 secondary schools students were sponsored this year.

## Child Protection Centers

In its continuous effort of educating vulnerable Children of Pakistan, Alkhidmat Foundation Pakistan is busy in implementing different type of educational projects. One of them is establishment of Child Protection Centers for street children. Alkhidmat Foundation Pakistan has established 6 protection centers for street children to bring normalcy in their life. The qualified and dedicated staff is providing free education and lunch to alleviate their sufferings and to enable them to become good Muslims and good citizen.

## Youth Skills Development

Alkhidmat Foundation Pakistan understands the importance of skills for the youth. In this program young individuals are given vocational training to help them acquire required skills in a specific trade. Alkhidmat Foundation outsources the training to renowned training service providers to ensure the quality and program delivery of the training while it has also established Skills Development Center in Charsadda, to provide skills to the youth.

This Skills Development Center is to foster economic development in Charsadda at Hazrat Ayub Ansari Model Village by establishing local livelihood opportunities by providing vocational training to local community members in specific territorial trades.

Hazrat Abu Ayub Ansari is a model village, established by Yardimeli - Turkey to facilitate the flood affected families of Charsadda. This Skill Development Center is a wonderful addition to uplift the living standard of the village. Alkhidmat, as local implementing partner has planned to train around 200 individuals in three different trades. These skills will help them finding suitable jobs or starting their own business.

Pakistan is on the highway of becoming a water deficient country in coming time as it already stands at number 30 among the most water-deficient countries in the world. Safe drinking water is one of Pakistan's most immediate and compelling problems that demands rapid actions to be taken for its rectification.

## Why a “World Water Day” ?

World Water Day is an international observance and an opportunity to learn more about water related issues, be inspired to tell others and take action to make a difference. World Water Day dates back to the 1992 United Nations Conference on Environment and Development where an international observance for water was recommended.

Alkhidmat Clean Water Program arranged 4 awareness campaigns in Lahore, Multan, Peshawar and Karachi simultaneously. Holding placards high in hands, participants of the awareness walks demonstrated world’s concern towards water issues. Gathering of hundreds of people from all walks of life depicted the importance of water and its safety.

## Five More Water Filtration Plants approved by GGP - Japan in Pakistan.

Grant Assistance for Grassroots Human Security Projects (GGP) has always been a great supporter of Alkhidmat Foundation Pakistan, especially in its Clean Drinking Water Projects. During the year, GGP approved grant of approximately 8.6 million rupees for a clean drinking water project for District Faisalabad and Toba Tek Singh. Since the water of both the districts is salty, these water filtration plants will be a great relief for the dwellers of both districts.

In an MOU signing ceremony, Mr. Hiroshi Inomata (Ambassador of Japan to Pakistan) and Mr. Abdus Shakoor (President Alkhidmat Foundation Pakistan) signed the agreement and prayed for the success of the project. The project will not only facilitate people obtaining clean drinking water but also reducing the number of patients suffering from water borne diseases.

Alkhidmat Foundation Pakistan is grateful to the embassy of Japan for their trust on Alkhidmat Foundation's expertise and experience in executing social welfare projects in Pakistan.

Alkhidmat's Orphan Care Program is dedicated to fulfill all fundamental parenting needs of orphans regardless of their gender, race, religion or any other social / natural segregation. Alkhidmat Foundation Pakistan has developed a well-connected network that helps to reach such vulnerable orphans before they get trapped by any non-human factor of the society. Our volunteers' network & Cluster Incharges remain active throughout the year for the noble cause of finding and securing children with no family support.

## Aghosh Homes – Orphanages

Aghosh Alkhidmat works with a single objective of providing a better living residential environment and educational facilities for free to the vulnerable students, especially orphans in Pakistan. To provide high quality educational relief to children in order to empower them and improve their long-term socioeconomic condition. Alkhidmat Foundation Pakistan is running 7 Aghosh Orphanages while 4 more are under construction and likely to be operational soon.

## Child Character Development Center

Orphan Care Program has taken another initiative for the character development of its registered children on following moral values:

- Allah's love and having faith
- Self Protection
- Respect elders and love younger
- Model Character
- Tolerance
- Self Control

## Orphan Family Support Program (OFSP)

Orphan Family Support Program is fulfilling all the fundamental parenting needs of orphans who have lost their father and are being brought up by their widow-mothers or close relatives Besides Providing them basic necessities like: Education, food and health care AKFP is determined to build their character and nourish their Personality Spiritually so that they can become positive members of the society contributing towards the prosperity of their family and nation as a whole.

## World Orphans' Day 2015

In the world today there are over 132 million orphans. Orphans and vulnerable children are deprived of their first line of protection, their parents. Children without the guidance and protection of their parents are more vulnerable and at risk of becoming victims of violence, exploitation and other abuses.

To mark the “World Orphans Day” Alkhidmat Foundation Pakistan organized various events and programs in Karachi, Peshawar, Azad Kashmir, Lahore and many other parts of the country. Fun activities and other amusing attractions were arranged by the teams of Orphan Care Program on 15 Ramadan, this year.

## Green Pakistan Day

Pakistan has highest deforestation rate in Asia (Dawn News, June 2010)

The effects of deforestation are very devastating and harmful as it can result in destruction of environment and can cause loss of food and resources, affecting the Ecological system in Pakistan.

Keeping in view the importance of plants and vegetation in the daily life of people, Alkhidmat Foundation Pakistan, conducted an awareness walk with the theme of “Green Pakistan Day” in the month of April 2015.

The event was arranged by Alkhidmat Foundation at Children's Library Complex Lahore. A symbolic walk was demonstrated with the help of students of various schools of Alkhidmat Foundation and other partner organizations.

Alkhidmat Orphan Care program also arranged events and symbolic walks in various other parts of the country with the same theme and spirit.

## Donor Conferences and Fundraising Campaigns

In order to raise funds for the orphan care project of Alkhidmat Foundation Pakistan, various donor conferences and gatherings were arranged by Alkhidmat across Pakistan.

ORPHAN CARE

Alkhidmat Mawakhat Program was initiated with the objective of providing interest free micro credit to the poor and needy to enable them starting business, earn a respectable income and improve their standard of living. Mawakhat Program is dedicated to improve lives of the poor; those who are financially unstable and are in seek of an opportunity to their way for a respectful earning.

The name of the program 'Mawakhat' is based on the Islamic values that provide the poor with interest-free loans so that they may acquire a livelihood, skill to earn and support their needs to reach their full potential. The program is based on the principle of Qarze-e-Hasna, helping someone in need with interest-free loan.

Support of KSA - Halqa Ahbaab, IRC and UKIM is appreciable on all levels regarding Mawakhat Program of Alkhidmat Foundation Pakistan.

## Products

MAWAKHAT  
PROGRAM

It is always the poor, deprived and downtrodden people who suffer the most in any society. Poor people are the most prone to any natural or man-made calamity in any area. They are also the first to get caught of the issue and the last to recover from it. Alkhidmat has organized several projects in an effort to alleviate their suffering to the possible extent. Alkhidmat's community services address suffering caused by poverty, physical disabilities, and incarceration. Alkhidmat addresses these issues by organizing the following humanitarian projects:

## Ramadan Food Packages

The ramdan Program is a seasonal Project of Alkhidmat Foundation which addresses food insecurity and eases the economic burdens of the poor during the holy month. Our Ramdan foods packs are designed, as per the international standards for nutrition, to meet the needs of a family of seven to eight members for the whole month.

Before distributing these food packs, Alkhidmat foundation in collaboration with village committees, selects families who are the most vulnerable and in need including female headed household, people with disabilities and families consisting of orphans.

## Qurbani Campaign

Muslims all around the world are rejoiced at the arrival of Eid al-Adha. This beautiful festival, one of the two most important in the Islamic world, marks the end of Hajj and symbolizes Prophet Abraham's complete obedience to God. From delicious breakfasts, to joyful family gatherings and generous offering of sacrifice meat to the poor, Eid ul-Adha offers a beautiful solace to the pain-stricken Islamic world.

In such times, Alkhidmat Foundation Pakistan arranges its Qurbani project that helps thousands of Muslims to enjoy their Eid along with whole Muslim Ummah. This year, the project reaches to more than 700,000 needy and deserving peoples. Alkhidmat Community Services program delivered Qurbani meat among those who mostly can't afford to buy it during year.

Volunteers dividing meat for its distribution among poor and needy

## Construction & Rehabilitation of Masajid

Masajid are the fundamental and sacred places of worship for the Muslims. Masjid is the basic need of Muslim Community in any area as it is the place for offering five times prayers as a religious obligation. Masajid are also the main source of Religious Education. Children of local communities go to Masjid to learn about Islam and Islamic Teachings and this can only be possible if there is a Masjid available to the nearby community. Their construction, repair, maintenance and rehabilitation to retain them in good condition is the rudimentary obligation of every Muslim.

Alkhidmat Foundation Pakistan has constructed & rehabilitated 60 Masajid across Pakistan. 8,400 beneficiaries have benefited from these Masajid. These Masajid have been continuously helping to local communities by providing them praying facility at nearest place and also an opportunity to fulfil their religious duty of offering prayers regularly. Construction and Rehabilitation of Masajid has helped the local communities across Pakistan as they can now offer prayer and can perform religious activities nearby their houses and shops with an ease. Now, local communities also have the facility of Quran classes and Islamic Education for their children in these Masajid. They are very happy and thankful to Alkhidmat Foundation Pakistan.

Thar is the largest desert of South Asia and lies to the South East of Pakistan. The accordingly named district Tharparkar, more commonly called Thar, rates very high on the indices of poverty, food shortage, insecurity, deprivation, maternal and child mortality and malnutrition. Our on ground survey has yielded valuable insights about the core issues faced by district Tharparkar.

## Alkhidmat in Tharparkar

Alkhidmat has been working in Tharparkar since 1997 with an established network of on ground local volunteers to supervise :

- ZamZam Project – A clean water initiative aimed at digging water wells for the scattered rural population of the desert.
- Al-Ilm (Chawnra School) Project – A village based one teacher one room school that provides free primary education.
- Al-Ilm Sanvi Project – Educational scholarships are awarded to bright students of Chawnra schools who desire to attain further education.
- Mawakhat – An interest free micro-finance initiative that facilitates unemployed individuals in setting up their own sources of income.

Alkhidmat Chonra school in Tharparkar

- The overall population suffers from malnutrition problems due to frequent droughts.
- Tharparkar and its Tehsils namely Mitthi, Diplo, Islamkot, Nagarparkar, Chachro and others have the highest poverty rates.
- The district has the highest maternal and infant mortality rate in Pakistan.
- The population lives in scattered groups locally called Paras, which are situated away from the main roads and often cannot be seen by the outside world.

## Thar Complex

Alkhidmat has planned a 10 acre multi-purpose complex in the poverty stricken desert district of Tharparkar with following facilities:

- Mother & Child Healthcare Center (MCHC)
- Islamic Center & Masjid
- School, College & Hostel
- Water Filtration (RO) Plant
- Veterinary Hospital
- Vocational Training Center
- Aghosh Alkhidmat (Orphanage)
- Community Support Center
- Ambulance Service

# MULTIPLE INDICATOR STUDY OF THAR (MIST)

Tharparkar (Mitthi), district of Sindh province is located in South East corner of Pakistan. Government and Non-government organizations are working to provide as much relief as much possible to the calamity hit region but there was a need to look for some permanent solution. For this purpose Alkhidmat Foundation Pakistan conducted a research that highlighted several issues to be addressed for the betterment of the people of Thar.

## Research Objectives

Thar Development Program (TDP) is an initiative of Alkhidmat Foundation Pakistan aimed at uplifting the life at village level. For objective assessment of TDP, Alkhidmat found that relevant, authentic and updated information was not available. The sole objective for the research was "Assessment of existing needs and potential capabilities" at village level regarding:

	Water		Community Services
	Health		Employment
	Education		Food Security

Group discussion and community feedback for MIST

# MIST Multiple Indicator Study of Thar

Research Study initiated & sponsored by

Study Conducted in Villages of Diplo & Mithi Tehsil

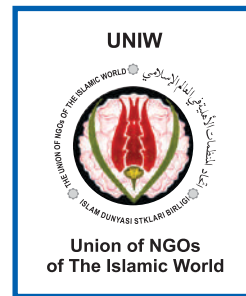

## Alkhidmat Across Borders

Alkhidmat Foundation has a large number of trained volunteers who have rendered rescue and relief activities all around the world including Sri Lanka, Lebanon, Bangladesh, Burma, Japan, and Afghanistan. Alkhidmat sent its team to Sri Lanka to provide relief to the Tsunami victims where they were also responsible for rehabilitation of local community especially rebuilding of schools.

During Israel-Labnon conflict Alkhidmat's volunteers provided ration and medical relief to the war victims of Lebanon. Alkhidmat also provided its services in Bangladesh, where it offered relief to the flood affected people by distributing dry ration. Recently, Alkhidmat also provided services to the refugees dwelling on the border of Turkey and Syria. In 2015, A Delegation of Alkhidmat Foundation Pakistan visited Indonesia and Malaysia for providing Relief to Rohingya Refugees and also sent a team of doctors to support the rescue and relief activities in Nepal for earthquake affectees.

# HUMAN RESOURCE & VOLUNTEER MANAGEMENT

In the year 2015, HR & VM of Alkhidmat Foundation Pakistan along with routine tasks has focused on development & issuance of Policies & SOPs for streamlining and smooth working. HR focused on ensuring the right balance of staff in terms of skills and experience through transparent recruitment, and providing them training and development opportunities to enhance their performance for achieving the organizational targets.

Further, this year, the HR department has made serious efforts to successfully implement Performance Management Systems which is going to be a hallmark of change management in AKFP. The initial working of HR Audit has another area which would be taking the organization in right direction. These whole efforts are reflecting the vision and spirit of HR Department and no doubt strengthening the roots of organization for accomplishing ultimately challenging targets easily.

Alkhidmat Volunteer Management Department was developed to attract and manage the volunteers to participate in different projects of Alkhidmat Foundation to serve the humanity. Its mission is to build a strong, healthy and engaged community by connecting volunteers of all ages with opportunities to volunteer projects, programs and partnerships.

## MEDIA HIGHLIGHTS

Alkhidmat Foundation Pakistan has launched a “VISUAL IDENTITY STANDARD GUIDE”. The idea behind the launch of the VISUAL GUIDE is to create uniformity in Alkhidmat Foundation’s marketing and advertising strategy all across to the regional tiers. It is hoped that the VISUAL GUIDE will increase Alkhidmat Foundation’s brand recognition.

Umair Idrees (General Manager Media & Marketing) presented the Visual Identity book to Abdus Shakoor (President Alkhidmat Foundation Pakistan) in the annual General Council meeting of Alkhidmat Foundation.

The visual identity book was also presented to Mr. Liaqat Baloch, Alkhidmat Foundation’s Women Wing, and to all the regional President and Vice-Presidents of Alkhidmat Foundation.

## AUDITORS' REPORT TO THE BOARD OF MEMBERS

### Introduction

We have audited the annexed statement of financial position of the Alkhidmat Foundation Pakistan as at June 30, 2015 and the related income and expenditure account, statement of cash flows and statement of changes in funds, together with the notes forming part thereof (here-in-after referred to as the financial statements for the year then ended).

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the approved accounting standards as applicable in Pakistan and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatements, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements present fairly in all material respects the financial position of the Society as at June 30, 2015 and of its surplus and cash flow for the year then ended are in accordance with the approved accounting standards as applicable in Pakistan.
