ABOUT US

Who We Are

Alkhidmat Foundation Pakistan is a humanitarian organization fully dedicated to serving humanity. We are the remedy for the suffering of people both nationwide and globally.

We seek to improve the lives of some of the world's poorest and most vulnerable people especially orphan and street children, widows and unemployed men and women through relief, development and community work.

We are a network of community leaders – made up of committed volunteers, donors, members of media and civil society, partners and staff – endeavoring together to make a difference in people and communities' lives.

Our Vision

Service to humanity with integrity

SHAAN-E-PAKISTAN AWARD

His Excellency, Dr. Arif Alvi, the President of the Islamic Republic of Pakistan conferring the Shaan-e-Pakistan Award upon Muhammad Abdus Shakoor, the President Alkhidmat Foundation Pakistan during a ceremony.

“ I congratulate Alkhidmat Foundation Pakistan for accomplishing a brilliant and remarkable relief work for COVID-19 pandemic. Undeniably, Alkhidmat Foundation with thousands of volunteers on its back remained at the forefront of humanitarian activities and made such a record that no other welfare organization could opt for. I appreciate Alkhidmat's leadership, as well as volunteers for impacting millions of lives across the country. ”

CHAUDHRY MUHAMMAD SARWAR
HONOURABLE GOVERNOR OF PUNJAB

MESSAGE FROM THE PRESIDENT

It is a matter of great pride and honour that I am presenting you Alkhidmat Foundation Pakistan's Annual Report and Financial Statements 2020.

This year we marked 30 years of serving humanity. We began our journey with very meagre resources and from a handful of volunteers, but we were fully inspired by our Islamic faith that guided us on the right path, a path that leads to soul satisfaction, a path that was taken by all Prophets of God, and a path that makes us feel that what we do is impacting millions of lives both nationwide and around the globe.

What Alkhidmat Foundation achieved over the past 30 years is inspiring. It besides offering us an insight into our endeavours, holds us accountable and makes us ready for the upcoming challenges and that how critically demanding our work will be in an increasingly disordered world. We pay thanks to all those who stood side by side with us along this journey and are continuously offering their unconditional support. Most importantly, we are grateful to Allah Almighty for choosing us for this noble cause of serving humanity.

Throughout 2020, we reached for the support of millions of families and distressed people at a time when they were in the dire need of humanitarian assistance. We reached when the nation was forced into unprecedented lockdown because of the COVID-19 pandemic, we reached during natural disasters, and we reached during manmade crises, during hours of darkness, during hopelessness, during war and conflict. We embarked upon approaches to enhance sustainable human development and to raise the morale of the needy and deprived classes of society. We increased the intrinsic value of every member of society—all in an increasingly integrated world. These and many other significant developments have been covered in the report.

While the COVID-19 pandemic is still a pressing threat as crisis continue flaring up in every country of the world, Alkhidmat Foundation besides rendering its services in this area is endlessly moving forward to meeting the Sustainable Development Goals with more investment in its long-term projects such as education, orphan care program and community service.

Let us hope tomorrow will be better than today!

PLANNING FOR THE FUTURE

While the future is unpredictable, Alkhidmat Foundation plans to create it by streamlining its decision making process. The General Council is responsible for taking directional and executive decisions that identify high-priority goals, actions to achieve the goals and indicators to measure the success ratio. As usual, this year too the meeting of General Council for review and planning was conducted where all the members of the General Council actively took part in the planning process, calculated organizational long-term and short-term goals that in the light of the vision, shape the future of the organization. An analysis of organizational strengths, weaknesses, opportunities, and threats, what is commonly called a "SWOT" was put into practice.

LAST 5 YEARS OF SERVING HUMANITY

2016

- Alkhidmat arranges countrywide free medical camps that benefit more than 97,211 patients suffering from various diseases.
- Our Mother and Child Healthcare Centers help a significant number of mothers to deal with mental, physical and psychological issues taking place as a result to pre and post-birth complications.
- The number of beneficiaries from Alkhidmat's Zakat program reaches 1 crore 10 lakh 59 thousand 847.
- We complete digging of 1351 water wells, install 669 water filtration units, 42 big water filtration plants and fix 3,483 hand pumps across the nation.

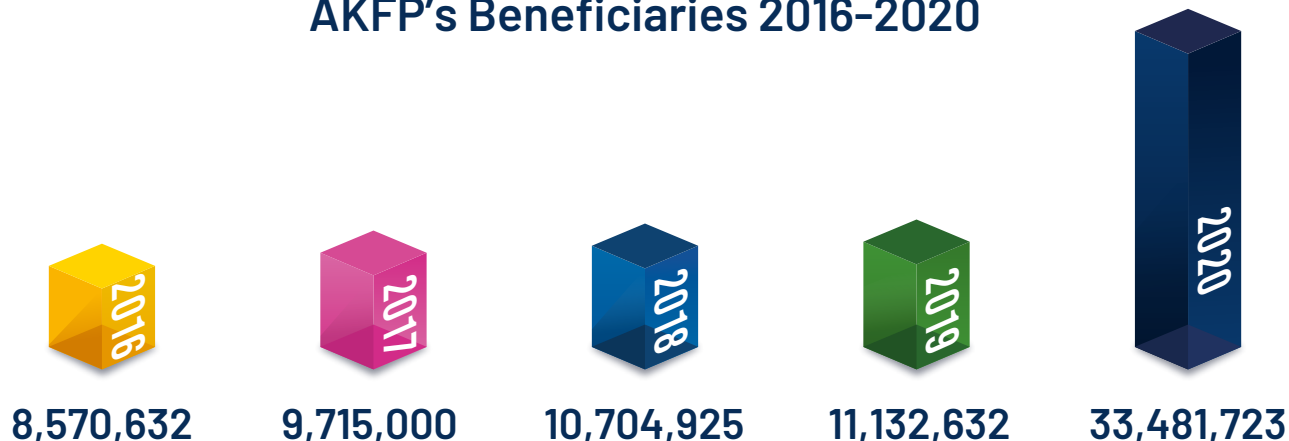

2017

- Alkhidmat Foundation joins hands with the government agencies to carry out rescue operations for the victims of Parachinar and Quetta bombings that lead to the death of 90 people.
- Alkhidmat completes several water-related projects by digging out water wells, installing water filtration plants and hand pumps both in urban and rural settings.
- Our Community Service touches a huge number of people and families needing warm clothes in winter, food and water.
- Alkhidmat Foundation broadens its ambulance program by purchasing many new ambulance fleet.

2018

- The year 2018 proves to be critically important for Alkhidmat as it succeeds in completing many mega projects such as Aghosh Murree and Aghosh Turkey for Syrian refugee children.
- Aghosh Islamabad, a dedicated project for orphan girls starts its operations.
- Two big health projects Alkhidmat Raazi Hospital Islamabad and Alkhidmat hospital in Mithi Tharparkar reach completion.
- Alkhidmat spends 451 million PKR on disaster management services. As many as 212,977 people and communities benefit from this service.

AKFP's Beneficiaries 2016-2020

2019

- Alkhidmat updates its all and sundry hospitals by incorporating new medical devices and technologies into the system.
- Large-scale interest-free business loans create an impact on a good number of unemployed men and women especially widows.
- Alkhidmat Women Wing and Alkhidmat Women Wing Trust work day and night in difficult conditions to provide relief to unemployed women, widows and young girls.
- Alkhidmat's Child Protection Centers set up for street children carry out their operation at 30 different places across the country.
- Alkhidmat is credited to run the country's largest wheel-chair program in Pakistan.
- Alkhidmat Foundation volunteers immediately reach out to Mirpur Azad Kashmir to perform relief activities for the earthquake-stricken city and its adjacent areas.
- Over 1,152,149 patients benefitted from our laboratories and collection centers.
- Alkhidmat Foundation plans a course of action to be taken before, during and after the outbreak of COVID-19 pandemic in Pakistan

2020

- During the COVID-19, Alkhidmat Foundation turns out to be the only organization whose millions of volunteers reach out to the needy from Karachi to Gilgit and from Gwadar to Chitral.
- The Government of Pakistan commends Alkhidmat's record relief work carried out during COVID-19 pandemic lockdown. The President of Pakistan confers Shaan-e-Pakistan Pakistan Award to Alkhidmat Foundation.
- We provide healthcare facilities to over 7.2 Million beneficiaries.
- Our Disaster Management Program caters to the needs of 212,977 people.
- Under Orphan Care Program, we serve 12,225 orphans and their mothers.
- Alkhidmat Clean Water Program benefits 2,240,900 people on a regular basis.
- Our Education Program reaches out to 20,349 students.
- Over 1,182 men and women are granted interest-free loans through Alkhidmat Mawakhat Program.
- Our Community Services Program cares for 1,033,425 individuals.

الخدمت فاؤنڈیشن پاکستان
ALKHIDMAT FOUNDATION PAKISTAN

2016-2020

THANK YOU FOR BEING PART OF OUR JOURNEY

HOW WE WORK

Alkhidmat Foundation Pakistan works as a non-profit, non-political and autonomous humanitarian organization to deal with real-life problems, emergency situations, and humanitarian assistance.

We become the remedy for poor and vulnerable people and communities by providing them access to food, shelter and basic services, including water and sanitation, and healthcare.

We actively reach out to emergencies and crises and help the nation in particular and the global community in general to rebuild their lives and livelihoods and reinforce their resilience to future disasters.

We provide lasting solutions to serious human problems such as poverty, hunger, unemployment, orphanage, and widowhood through our sustainable development projects.

Our outreach program impacts millions of lives around the world and helps mitigate their difficulties. We are a hope for helpless, homeless and distressed people because we never disappoint them when it comes to healing their woes.

TOWARDS A BETTER FUTURE

2020 was a challenging year for Alkhidmat Foundation Pakistan. With the outbreak of COVID-19 pandemic, we performed record relief activities while side by side dealing with other key areas like health, education, orphanage, clean drinking water, and Mawakhat program

That's an evidence to the commitment and compassion of Alkhidmat's visionary leadership, partner agencies, our financial supporters, our volunteers, and our staff. It hasn't always been an easier task. We've had to operate in all the areas and take hard decision while the pressure of COVID was still there. We've mobilized more and more volunteers, human resources and asked more from our supporters than ever. During the pandemic activities, we also lost some precious lives.

Alkhidmat's General Council and Central Board of Management have spent the better part of Vision-2020 document laying out a new strategic plan in order to revise our ongoing operations and opt for the next year. Time and again, we conducted in-depth review of our projects in order to enhance the effectiveness and accountability in all of them – with better inclusion, monitoring and assessment of day-to-day operations.

While Alkhidmat's volunteers are the part of trials for the coronavirus vaccination that would be commercially available next year, we believe this new way of thinking is embodied in our vision for the big, sprawling local and global community we serve, as a place in which all the people are equally treated with due respect and honour, children are nourished, fatal diseases are cured, youth are educated, jobless find respectable placements and women are empowered—all within an equitable service to humanity objective. We know this vision is realistic and attainable – if we are united and willing. Are you with us on this journey towards a better future?

SHAHID IQBAL

SECRETARY GENERAL ALKHIDMAT FOUNDATION PAKISTAN

REACHING RAPIDLY TO PROVIDE RELIEF

Geographically, Pakistan is located in an area where climatic extremes and geophysical conditions make it a disaster-prone country.

Alkhidmat Foundation, being one of the most active humanitarian organizations has established a self-sufficient emergency response mechanism that is equipped with the latest technology and operated by the best, well-experienced, and energetic management teams and scores of volunteers who are well aware of an effective management cycle comprising of prevention, preparedness, response, and relief. While continuously remaining in the disaster management field, we have mastered up many techniques that involve multiple processes of active coordination and collaboration, operational practices, strategies, and skills.

Relief Activities during flood and landsliding

This year's heavy monsoon season caused deadly flooding that placed many towns and metropolises across the country to remain underwater. Alkhidmat Foundation Pakistan sent its hundreds of thousands of volunteers to the field to ensure timely relief to the nation. Rainwater was pumped out from inundated residential areas of Karachi. Boats were used to evacuate people. Cooked food, dry ration and medicines were also provided. In Chitral, Alkhidmat volunteers crossed the Chitral River with the help of a temporary bridge to reach the flood-affected areas. Trucks loaded with relief goods were sent to Balochistan.

HOW WE CARE ABOUT YOUR HEALTH

Pakistan's healthcare system is coping with serious problems such as lack of health facilities in rural areas, unemployment of doctors despite the acute shortage of trained medical personnel, outdated medical apparatus, insufficient number of hospitals, and unavailability of treatments for many diseases, etc. Unfortunately, Pakistan has an alarming maternal and infant mortality rate in South Asian region.

Alkhidmat Foundation, keeping these facts in view, has been endeavoring to do its part of the job. With a countrywide network of hospitals, ambulances, pharmacy shops, medical laboratories, dispensaries, and medical units, we are offering speedy but quality treatment at affordable prices. From our state-of-the-art diagnostic centers and labs, people can avail the facility of all types of tests on subsidized rates.

Review and Planning meeting of Alkhidmat Health Foundation

The meeting of the Board of Alkhidmat Health Foundation was held at Alkhidmat Complex, Lahore. Professor Dr. Hafeez-ur-Rehman chaired the meeting. The core agenda of the meeting was to take a review of the relief activities performed in the health sector and to chalk out a plan for the second wave of COVID-19 pandemic. Prof. Dr. Hafeez-ur-Rehman briefed the members about different activities carried out by Alkhidmat Health Foundation. He also threw light on the availability of COVID vaccination, its commercialization and the future role of the organization.

Free medical camps across the country

Alkhidmat Foundation Pakistan arranged free medical camps at different cities, towns and rural areas across the country. Camps started early in the morning till late in the evening where consultants of every specialty including eye-specialists examined the patients and also conducted minor operations. Free medicines and glasses to the patients were also provided.

PIMA Alkhidmat Healthline

Alkhidmat Foundation Pakistan in collaboration with Pakistan Islamic Medical Association started a free telemedicine service that is providing consultancy regarding COVID-19 pandemic and other general illness. Consultants of every specialty have been engaged who are available round the clock to deal with the public's query through a telephone call or video link.

Inauguration of Alkhidmat Hospital in Buner

With the support of friends of Alkhidmat Foundation Saudi Arabia, a 20-bed hospital has been inaugurated in Buner that is providing high-quality medical service at affordable prices. The hospital has the facilities of emergency, Operation Theater, labour room, nursery, general and private wards, laboratory, ECG, ultrasound, x-ray, pharmacy and ambulance round the clock. In addition to that, the treatment of poor and deserving patients will be free in the hospital.

INVESTING IN THE FUTURE OF PAKISTAN

Undeniably, the role of education in transforming the lives of people is crucially important. Our current literacy rate is 56 percent which means that half of our country is illiterate. An estimated 22 million children majority of them girls are not going to school.

Alkhidmat Foundation believes that every child deserves to be better educated, nourished, and groomed. Alkhidmat has a vast network of educational institutions across the country. With our Alfalah Scholarship Program, we are catering to the needs of millions of brilliant but needy students at school, college, and university levels. Moreover, our Child Protection Centers, Skills Development Centers in collaboration with Child Protection and Rehabilitation Trust (CPRT) are preparing out-of-school children to take interest in their studies and get back to school.

CHILD PROTECTION CENTERS

PROVIDING SOCIAL PROTECTION TO VULNERABLE CHILDREN

To provide care, rehabilitation, education and appropriate training to the destitute and neglected street children, Alkhidmat has set up Child Protection Centers across the country. These centres provide the street children with formal and informal education, arrange recreational activities for them, engage them in healthy and hygiene campaigns, offer psychosocial counselling and prepare them for formal education. We are training these children to be self-reliant and have a normal life.

ALKHIDMAT ALFALAH SCHOLARSHIP PROGRAM

SOCIAL EMPOWERMENT THROUGH EDUCATION

Alkhidmat Alfalah Scholarship Scheme is one of the flagship initiatives taken by Alkhidmat Foundation Pakistan to educationally empower the youth of Pakistan. Originated from Kharyaan in 1998 by a few knowledge-loving and philanthropic-minded individuals, today this project has reached every nook and cranny of the country. This day, a large number of students are studying in universities and colleges thanks to the support and patronage of our donors. The selection of students is made purely on merit basis by making sure their self-esteem is not hurt. Both male and female students from all the four provinces of Pakistan including AJK and Gilgit-Baltistan can apply.

ENABLING ACCESS TO CLEAN & SAFE WATER

There is no concept of life without water. In Pakistan, every year, around 53000 children under five die from diarrhoea, which is a water-borne disease. Moreover, 60 million people are said to be at the risk of getting arsenic poisoning. Clean drinking water has become a greater challenge for the people since only 30 percent of the population has access to drinkable water. The rest 70 percent depends on bacterially contaminated water, which is nothing than poison.

Alkhidmat Foundation, keeping these vulnerable facts in view is working on the provision of clean drinking water to the local communities. With Alkhidmat Clean Water Project, we are committed to providing clean drinking water through a number of initiatives like installing water filtration plants in big cities, setting up hand pumps to water wells in the far-off areas of Thar Desert, Choolistan, and hilly areas of Balochistan and KPK.

Collective struggle is needed to tackle water issues Syed Ihsan Ullah Waqas

It is a worrying situation that around 70 percent population in Pakistan depends on bacterially contaminated water, which is the principal cause of many diseases and viral infections. Safe and clean drinking water has become a big challenge for the nation, as well as for the government. Alkhidmat Foundation's Clean Water Project encompasses digging water wells in the remote areas of the country including the deserts of Thar and Choolistan, installing water filtration plants in metropolitan cities and establishing water hand-pumps in villages. We are committed to delivering quality water service at the doorsteps of people and communities aimed at seeking the pleasure of Allah (SWT). To tackle serious water issues, collective wisdom and collective struggle is needed both at the government and community level.

CARING FOR ORPHAN & VULNERABLE CHILDREN

Orphans are the most neglected class of our society. And one can imagine the pain and mental distress of these children who due to unfavorable circumstances are left either at the mercy of the state or humanitarian organizations. Poverty, illiteracy, hunger, diseases, and the unavailability of social protection are some of the things that are always hovering over orphan children.

Alkhidmat Foundation takes pride in its comprehensive Orphan Care Program that consists of Agosh Homes in which state-of-the-art residential, recreational and education facilities are being provided to the registered orphan children. Moreover, through Orphan Family Support Program (OFSP), we bring the donor into direct contact with the orphan boy and girl who live at their own homes along with other family members. Clusters have been arranged to carry forward this program. Each cluster is managed by a Family Support Organizer who in collaboration with Alkhidmat Head Office stays in touch with the orphan family.

Health Screening Camps for Orphan Children and their Mothers

To ensure healthy growth of orphan children and their mothers, Alkhidmat Foundation Pakistan conducts regular health screening camps. Our regional and local offices organize these camps in which professional child specialists and experienced doctors conduct in Alkhidmat hospitals medical examination of the children and their mothers. Various lab tests, x-rays, CT Scan, MRI and other medical exams are conducted as per the need assessments. This year health screening camps were held in Karachi, Lahore, Sargodha, and other parts of the country. Children and their mothers greatly benefitted from the healthcare facilities including the provision of free medicines.

Child & Mother Character Development Program

This program aims at character development among children and their mothers through an interplay of family, school, and community influences by considering children's individual nature, temperament, experiences and choices in view. These activities impart qualities of integrity, compassion, honesty, trustworthiness, patriotism, faith, respect, responsibility, citizenship, and caring for others. Mothers are empowered through several initiatives like integrating them into business at small scales and certain income-generating schemes.

NURTURING LIVES THROUGH LOVE & CARE

Aghosh, denotatively means “shadow” and connotatively means “a mother’s act of carrying her child” whether she is sitting or standing. It symbolizes motherhood. Based on this vision, Alkhidmat Foundation Pakistan has built Aghosh Homes across the country to give home-likes environment to the registered orphan children. We are providing nutritious food, clothes, accommodation, education, healthcare, and happiness to these most marginalized children.

Aghosh fosters healthy social relations and a sense of community at the same time accommodating every child’s unique needs- a place that they’re proud to call their home and prepares them for their bright future path in life in the best possible way. The physical surroundings of Aghosh Homes reflect a practice-oriented pedagogic approach so that children feel at home, safe and sound, privileged, and live and grow up both physically and intellectually.

DEMOGRAPHIC MAP OF AGHOSH HOMES ACROSS PAKISTAN

AGHOSH HOMES COMPLETED IN 2020

Alhamdulillah, this year Alkhidmat Foundation Pakistan succeeded in completing Aghosh Homes in Kohat, Karachi and Rawalakot. These state-of-the-art magnificent buildings are situated in good locations and like all other Aghosh Homes, high-quality facilities of boarding, recreation, schooling, health, nutrition and playing have been ensured. We are nurturing the orphan children in the best possible way and in order to keep them stay healthy, fit and help them grow up as responsible citizens, we are applying the most up-to-date management practices.

AGHOSH ALKHIDMAT DIR LOWER

UNDER - CONSTRUCTION AGHOSH HOMES

Alkhidmat Foundation Pakistan is working on the further expansion of this project to other parts of the country. Currently, 7 Aghosh Homes are under construction and many are in the planning phase. And in order to ensure transparency element in due consideration for the construction of Aghosh Homes, we are also engaging local communities. It is ensured that these projects are implemented in accordance with ethical core values of individual donors as well as donor organizations from Pakistan and abroad. Donors can either support these projects directly through online donations, bank transfers, personal donations or can request for home collection of funds.

WORLD ORPHAN DAY

EXPRESSING SOLIDARITY WITH ORPHAN CHILDREN

Tragically, millions of children around the globe have become orphaned for many reasons such as hunger, poverty, war, famine, displacement, or diseases. To make sure that they are not forgotten and are provided full protection, Alkhidmat Foundation, every year in the Holy month of Ramadan observes World Orphans Day across the country. This year the World Orphan Day was commemorated with an event held at Governor House, Lahore. Alkhidmat Foundation through this day draws the world's attention to the plight of the orphan children and raises awareness, support, and funding for motherless and fatherless children in Pakistan.

DEVELOPMENT THROUGH ENTREPRENEURSHIP

Pakistan has the 9th largest labour force in the world which is increasing every passing of day. The number of unemployed people especially university graduates is three-times higher compared to the overall jobless people. Unemployment is a major hurdle in the way of economic growth.

Alkhidmat Foundation through its Mawakhat or Microfinance program is supporting millions of unemployed men and women to do their own businesses and cease dependency on others. This project aims at enabling families to accede to economic opportunities, to earn a respectful living and to gain relevant entrepreneurial skills that are necessary in the 21st century business world. In this context, interest-free loans along with the required training and skills are provided to the hardworking people to launch their startups.

SPREADING HAPPINESS

More than 50 million people in Pakistan are living below the poverty line. Unemployment, hunger, and food insecurity are on rise causing many problems among the people especially among the underprivileged.

Alkhidmat Foundation having its deeper roots in the local population has taken a number of initiatives to reduce poverty, to provide income security to the underprivileged families and to increase their access to social protection. Alkhidmat's Community Program aims at alleviating poverty, vulnerability, malnutrition, and deprivation in the community so that social empowerment finds its way. We are helping the community through equal distribution of food, water, wheelchairs, Eid gifts, Dewali and Christmas gifts, winter package, Qurbani meat packs, Ramadan package, and other necessities of life. The community program also comprises the construction of masjids and rehabilitation community welfare centers.

Former cricketer Mushtaq Ahmed Visits Alkhidmat Grand Food Project

Former cricketer Mushtaq Ahmad visited Alkhidmat Grand Food Project in Lahore and appreciated the efforts of Alkhidmat Foundation Pakistan for providing necessary assistance to the needy and underprivileged families during the unprecedented lockdown caused by the COVID-19 pandemic. Mushtaq Ahmad said that AKFP has undertaken a historical relief operation during this difficult situation when the poor segment of the society was affected the worst. He urged the generous people in Pakistan as well as abroad to come forward and extend their support to AKFP so that the mission of service to humanity with integrity continues successfully.

Winter Package

Every year when the winter season arrives, Alkhidmat Foundation Pakistan launches its winter drive aiming to protecting the needy and deserving people and families from the harshness of weather. Our Winter Package that consists of warm clothes and blankets reaches the needy people across the country. This year we succeeded to reach out to more than 25 thousand families and distributed the winter package.

Qurbani Drive

While the COVID-19 pandemic forced Pakistani charities to scale back much of their work, Alkhidmat Foundation as usual fully-fledged succeeded in managing the supply of Qurbani (sacrificial) meat to the needy and deserving families across the country. The animal slaughter and distribution of meat was carried out in all the provinces including Gilgit-Baltistan and Azad Kashmir regions. This year, the focus of Eid-ul-Adha Qurbani was orphans, the needy, the disabled and those people who lost their jobs.

MESSAGES OF ALKHIDMAT REGIONAL PRESIDENTS

Mr. Khalid Waqas

Vice President Alkhidmat Foundation Pakistan
President KPK Region

Alkhidmat Foundation Khyber Pakhtunkhwa chapter took many new initiatives to serve the nation. From healthcare-related activities to emergency response of volunteers during natural and manmade disasters, our volunteers inched every mile to reach out for the help of deserving and vulnerable people and families. In Jamrood, a locality in district Khyber, we discovered tribal families living in caves and distributed dry ration, warm clothes and blankets.

During the recent COVID-19 pandemic, we worked in close liaison with the government and set up a quarantine center for the affected doctors and health professionals of Lady Reading Hospital Peshawar. Similarly, AKF transported the bodies of overseas Pakistanis from Islamabad & Peshawar Airport to their homes in various parts of the province.

Currently, five Alkhidmat Aghosh Homes are operational whereas four more are under construction.

Mr. Ikram ul Haq Subhani

President Central Punjab

In Central Punjab, the focus of Alkhidmat's activities revolved around COVID, community welfare, microfinance and clean water projects. We helped a good number of unemployed men and women to be self-reliant by opting for entrepreneurship projects. We also arranged free health screening camps for people of all ages and performed surgeries, diagnostic tests and provided medicines.

Dr. Ashraf Ali Attique

President South Punjab

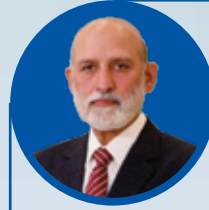

Alkhidmat Foundation in South Punjab took many impactful initiatives to mitigate the woes of suffering humanity. For 2021 our major targets include preparation of a list of 1000 influential individuals, issuance of 10 Alfalah scholarships, installation of two water filtration plants, one collection center, one donor conference, sponsorship for 100 orphan children at the local level, so forth and so on.

Mr. Rizwan Ahmad

President North Punjab

In North Punjab, Alkhidmat Foundation supported several community welfare projects ranging from interest-free loans, free medical camps, projects for street children, winter package for the needy and deserving people and families. We also implemented various community water hand pumps in many parts of the province.

Col. (r) Zafar Rashid Abbasi

President AJK Region

With the outbreak of COVID-19 pandemic, Alkhidmat Foundation carried out maximum relief activities across Azad Kashmir region. We succeeded in meeting the target of sponsorship for Orphan Care Program for which we increased local funding. Moreover, advancement was made in the projects of clean drinking water, community service, education, and healthcare.

Engr. Jamil Ahmad Kurd

President Balochistan Region

In Balochistan, Alkhidmat Foundation is actively engaged in humanitarian service for the people of the province. Our top priorities have been enabling the local community's access to clean drinking water, healthcare facilities, restoration of persons with disabilities, informal schools for street children, and rescuing precious lives held in natural disasters.

Mr. Zeenat Shaha

President GB Region

Alkhidmat Foundation did commendable relief work in Gilgit-Baltistan. We helped people and families affected by heavy snowfalls and landslides. From ensuring the delivery of dry ration, medicines, winter package, and erecting community water hand pumps and wells, Alkhidmat remained at the forefront.

TOWARDS WOMEN EMPOWERMENT

Alkhidmat Women Wing advances a number of welfare projects for women and girls through advocacy, education, community centers, philanthropy, microfinance, strong family, community service, health, clean water, marriage assistance and others. That is the mission of AKFP Women Wing that it empowers Pakistani women and girls by accelerating their advancement to drive individual and family growth and impact. They are helping women especially from marginalized backgrounds to uplift their morale by leveraging their full talent and potential.

Inauguration of Community Center by Alkhidmat Foundation Pakistan Women Wing

Ms. Kalsoom Fatima Ranjha

President, Alkhidmat Foundation Women Wing

Women make around 50% of Pakistan's population. The rate of unemployed women both in rural and urban settings is higher than men. This can cause a succession of injustice, which ultimately leads to vulnerability, dependency, and consequent violence and intimidation. To tackle these issues, Alkhidmat Women Wing is working day and night to positively impact the lives of underprivileged women. We are supporting women to be socially, psychologically, domestically and financially stronger and informed to make a difference in their lives and contribute incredibly to socio-economic arena.

INSPIRING WOMEN TO CHANGE THEIR LIVES

Alkhidmat Women Wing Trust was set up in 2013. It is enrolled as Al Khidmat Khawateen Trust Pakistan. They operate in all the major areas Disaster Management, Clean Water, Mawakhat, Orphan Care Program, Education, Community Service and others. It has spent years putting women's welfare at the forefront of their mission. Through its meaningful and innovative approaches it is positively impacting the lives of Pakistani women and girls and eradicating their deprivation and backwardness. It is also empowering under-privileged women by offering business training and access to microloans to help facilitate their professional independence.

AKF Women Wing Trust inaugurated an IT Skills Training Center for women in Karachi.

Ms. Navida Anis

President, Alkhidmat Foundation Women Wing Trust

Alkhidmat Foundation Women Wing Trust, which is enrolled as Al Khidmat Khawateen Trust Pakistan has been operating in the humanitarian field since decades. With our work in key areas such as disaster management, healthcare, education, orphan care, microfinance, clean water, and community service, we are impacting women's lives from marginalized backgrounds by uplifting their morale, restoring their Islamic identity and empowering them and their families to be financially and morally stronger. We are also providing educational and entrepreneurship opportunities to women and girls and enabling their access to basic necessities of life.

BRINGING LIFE BACK TO THE DESERT

ALKHIDMAT NAIMATULLAH KHAN THAR HOSPITAL

The Thar district has been the most neglected and deprived area in the province of Sindh. Extreme poverty, hunger, famine, constant drought, lack of medical facilities and illiteracy have made life difficult for the local inhabitants.

Alkhidmat Foundation has deeper roots in the people of Thar. With its pioneering humanitarian work that includes the provision of clean drinking water through hand pumping and digging wells, provision of basic amenities, healthcare, schooling for children, and food and nutrition programs, we are improving the quality of life in the region. To meet our vision for a progressive and prosperous Thar, we have established Thar Complex, a 275-million-rupee purpose-built building consisting of a 50-bed Alkhidmat Naimatullah Khan hospital in District Mitthi. Powered by solar energy, the Complex is offering all the basic health facilities to the local residents. We are also planning to further extend the future by incorporating in it a veterinary hospital, Aghosh Home, Diagnostic Center, Schools, Water schemes, Child Development Center, Ambulance Service and Residential Blocks.

OUR GLOBAL OUTREACH

Alkhidmat Foundation Pakistan being a part of global community carries out relief activities in many countries of the world. With our widespread initiatives including disaster management program, we are playing our part in alleviating poverty, hunger, thirst, deprivation, and diseases. We provided vibrant humanitarian assistance to people and communities in needing the assistance on urgent basis in Turkey, Lebanon, Myanmar, Afghanistan, Syria and others. In collaboration with our international partners, we ensured relief activities in disasters, earthquakes, famines, droughts and in manmade crisis like war and conflict and provided much-needed relief.

Alkhidmat Foundation in collaboration with its Turkish counterpart Hayrat Yardim carried out relief activities in Beirut, Lebanon where the city exploded a large amount of ammonium nitrate causing huge disaster.

اعتراف

RECOGNIZING THE STRENGTH OF VOLUNTEERS

(AITRAAF-E-KHIDMAT)

Alkhidmat's volunteers are the face of its organization who reflect compassion, goodwill, patience, hardworking, and selfless caring. Time and again, we have been appreciating our volunteers with reference to their untiring service in various fields of life. During the first, second and third wave of COVID-19 pandemic, our volunteers worked tirelessly round the clock and served the nation. We are indebted to our brave male and female volunteers who always rush to alleviate the pain of suffering humanity by putting their lives in danger. Thank you very much!

AWAKENING THE SPIRIT OF VOLUNTEERISM AMONG YOUTH

This year due to COVID, the 4th Alkhidmat Youth Gathering was held virtually with the theme of "Our volunteers our heroes". An impressive number of people mostly students, youth ambassadors, intellectuals, political figures, representatives of other organizations and experts of notable fields and volunteers from Pakistan and around the world took to online and participated in the various sessions. The sessions included talks and panel discussions on a plethora of topics ranging from the impact of COVID-19 pandemic, volunteerism, technology trends, digital tools, economy, politics, social transformation, youth issues, leadership, and innovation, etc.

Every year the number of volunteers is increasing Dr. Muhammad Mushtaq Mangat, Vice-President AKFP

Volunteers are catalyst agents of real change. They do not necessarily have extra time, yet the passion that drives them to be vigilantly involved in humanitarian work inspires and impacts millions of lives around the world. In Pakistan, the number of volunteers associating themselves with humanitarian organizations is increasing every year and this includes both male and female activists who come from various backgrounds. They reflect compassion, selfless caring, patience, and sentiment of living for others. Alkhidmat Foundation has the privilege that it is the only humanitarian organization in Pakistan that has on its credit the wider network of volunteers comprising of millions of volunteers. And this is amazing that the number of volunteers is increasing every passing of the day.

NAIMATULLAH KHAN

LIFETIME ACHIEVEMENT AWARD

Naimatullah Khan Advocate was a renowned politician, statesman, philanthropist, social reformer and humanitarian whose contributions to addressing the woes of suffering humanity will be remembered in the history of Pakistan. In the continuation of his legacy and to pay tribute to his untiring services to humanity, Alkhidmat Foundation Pakistan every year confers Naimatullah Khan Lifetime Achievement Award upon the impact-making individuals working in various fields of life.

This year, two prominent figures were nominated for Naimatullah Khan Lifetime Achievement Award. These icons have left indelible mark on the history of humanitarian work. Of these, the first personality is Mr. Mahmood Ahmed, the Founder of Read Foundation and the second one is Mrs. Nasra Ilyas, a leading name in women empowerment initiatives. These personalities hold an impressive profile encompassed with the unremitting struggle carried out for changing lives of people in Pakistan. We congratulate them for showing humanity in every endeavour of their lives.

ANNUAL AUDIT REPORT

MALIK HAROON SHAHID SAFDER & CO.
(Formerly Maqbool Haroon Shahid Safdar & Co.)
Chartered Accountants

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Society's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Society's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Society's to cease to continue as a going concern.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Independent Auditor's Report to the Management Committee

Opinion

We have audited the financial statements of "AL-BISHMAT FOUNDATION PAKISTAN", which comprise the statement of financial position as at June 30, 2020 and income and expenditure account, statement of comprehensive income, statement of changes in funds, statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of "AL-BISHMAT FOUNDATION PAKISTAN" as at June 30, 2020, and of its financial performance and its cash flows for the year then ended, in accordance with Accounting Standard for Not for Profit organizations (SNPO) issued by Institute of Chartered Accountants of Pakistan and the International Financial Reporting Standards issued by the International Accounting Standards Board (IASB) as notified by the Securities and Exchange Commission of Pakistan (SECP).

Basis for Opinion

We conducted our audit in accordance with the International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under these standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Society in accordance with the International Ethics Standards Board for Accountants Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Management Committee is responsible for the preparation and fair presentation of the financial statements in accordance with the Accounting Standard for Not for Profit organizations (SNPO) issued by ICAI and the SNPO issued by the IASB as notified by the SECP, and for such internal controls as the Management Committee determines are necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management Committee is responsible for assessing the Society's ability to continue as a going concern, disclosing, as applicable, matters related to going concerns and using the going concern basis of accounting unless management either intends to liquidate the Society or to cease operations, or has no realistic alternative but to do so. Those charged with governance are responsible for overseeing the Society's financial reporting process.
